360° VIRTUAL TOURS · RATES 2026–27

Let people walk through your space before they visit.

Sharp, high-resolution 360° tours **shot on a pro mirrorless camera with HDR bracketing**. Branded, clickable and yours to keep, with no monthly fees. Shot by Pankaj Aneja, Google Trusted Photographer.

TERMS USED

Virtual tour: a collection of 360° panoramic images, called viewpoints, showing the different areas of your location in one tour.

Viewpoint: one 360° panorama from a single spot. We shoot several images by rotating the camera around that spot and blend them into one panorama; each viewpoint takes about 10 minutes.

What you receive: a ready-to-use, web-based tour for your website; simply copy the project folder onto your server. If needed, we also provide standalone files that play on a desktop without an internet connection.

Tour shooting, priced by viewpoints

The more viewpoints, the less each one costs

VIEWPOINTS	PER VIEWPOINT	SHOOTING PRICE
5 viewpoints	₹4,000	₹20,000
10 viewpoints	₹3,200	₹32,000
15 viewpoints	₹2,800	₹42,000
20 viewpoints	₹2,500	₹50,000
25 viewpoints	₹2,200	₹55,000
30 viewpoints	₹2,000	₹60,000

Above 30 viewpoints: ₹2,000 each. Every tour also needs one compilation option (page 2).

Plan by viewpoints, confirm on site: choose the areas to cover and the closest option for your budget; the final count depends on your space and is confirmed during the shoot.

Need a few more on the day? Every viewpoint is billed at the rate for your final count, and you never pay more than the next option's price. More viewpoints always cost less each.

Make the most of your time slot: please have every area clean and ready before we arrive. Changes on the day use the booked time, or are added as extra time at ₹5,000 / hour.

All prices + GST, within Delhi NCR unless stated. One location per day; tours delivered as digital files.

Outside Delhi NCR

Minimum booking: 30 viewpoints (₹60,000), plus travel and stay at actual cost and travel days at up to 50% of the day rate, depending on distance. Drone ₹30,000 per day if needed; aerial viewpoints count in your total.
